STUDENT LEADERSHIP

1

Be a role model to other pupils

Our student leaders conduct themselves in a professional manner and support the work done by the Senior Leadership Team. They are seen as role models by their peers, who will follow their example.

Your appearance (including uniform) should be in line with expectations at all times and your behaviour consistent with our high expectations through Ready, Respectful and Engaged. We want students to look at all leaders as inspirational.

2

To support in the development of the Academy

The students who are entrusted with leadership positions will have clear ideas as to how the Academy can develop and grow. Students will be passionate in driving these ideas to ensure they benefit all students.

3 Help support our community

Our student leaders are given positions of responsibility to help support our community in the running of the school. The additional accountability will help you to develop leadership skills and your character as you will be exposed to challenging situations. Your advice and ideas will be carefully considered by others.

4

Represent the Academy
